ANGEL CHILDREN.

Is there any happier woman in this world than that mother whose each successive little one seems to her but one more darling angel to continually lift her thoughts toward the sunshine of perfect happiness? But sorry is the lot of that poor mother to whom motherhood has ceased to be a cause of rejoicing, but has become instead a burden to be dreaded and looked forward to with melancholy and apprehension.

"About three months before our last baby was born (which is our fourth), writes Mrs. Nellie Carl, of Myrtlepoint, Coos Co., Oregon, "my health was very poor. I had been troubled for about eight years with female disease. I doctored with good physicians but obtained no relief, so I wrote to the World's Dispensary Medical Association, and was advised to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so, and am happy to say my health began to improve and I did my work up to the last, and felt splendid.

"I got along finely during confinement, and have the healthiest baby I ever saw. When he was three months old he weighed eighteen pounds: he is now seven months old and weighs twenty-four pounds. I can say I have had no return of my old troubles. I thank you very much for the good you have done me."

Any woman may write to Dr. R. V. Pierce, of Buffalo, N. Y., a statement of her case, which will be considered in absolute confidence by this physician who stands among the foremost specialists of the century in the treatment of women's diseases. He will send her (in a plain, sealed envelope) sound, sensible, valuable advice free of all charge.

Dr. Pierce's great thousand-page, illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 31 stamps.

THE PEOPLE ALL.

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes," Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

THE PROPOSED ARMISTICE.

A dispatch from St. Petersburg says that it is understood that there will be no armistice declared for the present. The only hope for it pending the meeting of the peace plenipotentiaries seems to rest with President Roosevelt, and even that is considered slender. So far as known the President has not taken a positive step in this direction.

The impression in St. Petersburg continues strong that Japan only with great reluctance could be induced to forego the advantages of her strategic position, which, despite the tone of the official advices from the front, is regarded as being altogether favorable to Field Marshal Oyama, and to agree to a suspension of hostilities for at least six weeks, during which time thousadds of reinforcements would reach General Linevitch and Vladivostok would be strengthened with munitions and supplies to withstand a siege.

Indeed, it is suggested that Japan deliberately planned to postpone the meeting long enough to give Oyama a chance to administer to the Russians a fresh defeat on land in order to rob the war party in Russia of their last card and facilitate acquiescence to her terms. At the British Embassy it is said that Great Britain had not offered Japan any advice on the subject.

The St. Petersburg Novoe Vremya printes a dispatch from London, in which its correspondent declared he was in possession of information to the effect that the British were advising Japan against the conclusion of an armistice. "Russia," the dispatch added, "is not considered to be sufficiently weakened. Great Bri in hopes that Field Marshal Oyama will succeed in destroying General Linevitch's army, and thus relieve her of the nightmare that the army may later be shifted to the borders of Afghanistan for operations against India."

HEAT, RAIN AND HAIL.

Page county was visited by the most severe electric storm in years yesterday evening between 3 and 4 o'clock, doing great damage to gardens and all growing crops. The storm came from the north and was accompanied by terrific wind. The hail was large and this alone has done much damage, beating corn into the ground, the fields presenting the appearance of having been run over by a roller. Lightning struck several times in Luray, which seemed to be the meeting place of the storm from the north and one from west. A tool house and repair shop on the outskirts of the town belonging to the Norfolk and Western Railway was struck by lightning and burned.

The storm was especially severe in the neighborhood of Bixlers Ferry, where all growing crops are said to have been greatly damaged by the heavy downpour of hail. The rainfall has not been equaled in years and all streams are out of their banks.

A dispatch from Winchester says the intense heat of the past few days reached its highest mark yesterday, when the mercury registered 97, and two men were overcome. Both are under the doctor's care. Rain yesterday evening caused a fall in the temperature.

With the mercury at 94 degrees and considerable humidity in the atmosphere, yesterday was the hottest of the summer season in Richmond. There was much suffering among the working classes, but there were no reports of prostrations. Late in the afternoon the temperature was modified by a thunderstorm.

A terrific thunderstorm, accompanied by heavy hail, prevailed at Keyser, W. Va., yesterday afternoon. The hailstones were as large as cherries and much window glass was broken, while trees were stripped of branches and gardens were ruined. Fruit suffered greatly. There was a drop of ten degrees in the temperature at Cumberland as the result of the storm.

Fraud Order Issued.

The Postoffice Department has issued a fraud order against the Interstate Advertising Company, of Cleveland, O., of which Joseph P. Beardsley is the manager. The scheme of filching money from the public was both unique and profitable. An advertisement was inserted in a paper offering $25 per 1,000 for copying letters. This tempting bait looked so attractive that thousands of responses were received. To each one of the applicants for work a letter was sent saying that the addressee could have employment if $1 were sent for the payment of a package of articles about which the letters were to be written.

Upon receipt of the dollar the advertising company forwarded to the applicant four bottles of what were called chocolate-coated dewdrop tablets, which, at wholesale, can be purchased for two and a half cents per bottle. In addition the seeker for employment was furnished with 50 sheets of paper, on which the letter to be copied was to be written. The letter consisted of about 550 words, and by no system of writing could be placed upon the sheet of paper. Naturally, after an attempt to do the work the applicant gave it up and became discouraged. The advertising company was the possessor of the dollar minus the 10 cents worth of dewdrop tablets and the 50 sheets of paper. Beardsley is understood to have made considerable money out of the scheme.

A Negro's Confession.

The confession of Alf Moore, a negro, arrested for complicity with J. G. Rawlings and the latter's three sons in the assasination of the boy and girl of W. L. Carter, Monday, at Valdosta, Ga., has been made public. Moore alleges that the elder Rawlings employed him and that he and Rawlings' sons went to the Carter home. They were to kill the father and mother and eldest son, set fire to the house and kill the children as they ran out. The boy came out at the sound of the dog barking and one of the Rawlings boys shot him. Carrie Carter started toward him exclaiming: "Buddy, are you hurt?" Then she was shot. The boy staggered toward her crying, "Oh, Lord, they have shot my sister." Then the boy, Moore says, was drawn into the house by his mother. Moore says he heard the boy begging his father for water, but the father was afraid to open the door. Moore claims he ran away just as one of the Rawlings was about to fire the house to drive its occupants out.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JUNE 21, 1905.

SENATOR MARTIN'S traducers who, it can be said, are growing fewer by degrees and beautifully less, are floundering about in a sea of trouble, without a compass and are grabbing at imaginary straws to keep themselves afloat. Recently they revamped the old charge that Senator Martin was first elected, twelve years ago, through questionable means and stated that the report of the legislative investigating committee would prove this charge to be true. The report was forthwith produced which fully exonerated Senator Martin and also Gen. Fitzhugh Lee, who was the other candidate the for Senatorship at that time. Then these men in desperation answered that though the investigating committee did exonerate Senator Martin, yet the Speaker of the House at that time was a supporter of Martin and that he appointed the committee who were under obligations to Martin. Here again they made a bad break, for the records show that Speaker Caldwell was the man who appointed the committee and that he appointed two Lee men—C. E. Nicol, of Prince William, and Merrett T. Cooke, of Norfolk—and two Martin men—B. E. Boykin and H. H. Downing. The Senate members, with the appointment of whom Speaker Caldwell had nothing to do, were G. A. Mushbach, J. C. Green and J. L. Treadway. All of these men were of ability and character and Speaker Caldwell was so highly esteemed that the same legislature elected him, it is believed, unanimously a Justice of the Virginia Court of Appeals. These were the men who exonerated Senator Martin of the charges that questionable means had been resorted to to secure his election and these charges will now be allowed to sink into the oblivion in which they had slept for the past twelve years. In speaking of these ridiculous charges the Danville Register says :

A statement so palpably erroneous does not hurt Senator Martin among men of intelligence, nor does it help Governor Montague. * * * Not only was nothing found against Mr. Martin, but there was also nothing against General Lee. * * * The men who are seeking to blacken his record by false representations, how ever, evidently hope to help themselves or their friends in that way, and such methods argue a recognized lack of merit in the man who can be made to appear fitter only by perverting the facts in regard to Senator Martin. These charges which are now brought against Senator Martin in order to help Governor Montague, who must be regarded as failing to embody in himself the necessary elements to lift him into the place he seeks, have been sleeping for twelve years. Since the period referred to, he has been returned to the Senate, and has served a second term. Six years ago he was opposed by Governor Tyler, who did not seek to commend himself for the place by trying to besmirch the character of Senator Martin. He presided over the State Senate at the time of the investigation referred to and he evidently knew that there was no political capital in that incident for him or for anybody else who might be disposed to step up to place and power by the defamation of other men. It is creditable to ex-Governor Tyler that he did not use these charges. True, there is nothing in them, but they were just as available then as they are now. Many people were inclined to oppose Senator Martin then who have been won over by his splendid record since and a milder distortion of the facts than that given above might have made an impression on some people; but Mr. Tyler preferred to base his claims on his own merits, and not on his opponent's alleged demerits. If he could not win by such honorable methods he was content to stay at home. He did not win the seat in the Senate, but he did not forfeit respect by his manner of trying to get there, nor did he discredit his estimate of his own worthiness by trying to blacken the character of the man whom he aspired to succeed.

MOST OF THE common sense newspapers of the State are taking the common sense view, as heretofore expressed by the Gazette, of the assessments made upon the candidates for office under the new fangled, imported primary election plan. Of course, if primaries are to be held, the candidates must pay for them, but the expense therefor is so heavy that but few men of ordinary means can afford to enter into such contests and the result must soon be that only men of money, whether they have brains or not, will occupy the public offices in Virginia. In the good old way which prevailed in Virginia for one hundred years, governors and congressmen were nominated by conventions. Then men from all over the State met, interchanged views and usually selected the best men for office, while the representative men from the whole State in the legislature assembled, elected the senators. Then a man of sense, even if he was not rich, had a chance of being elected to office—but it is not so now. Times have changed—and for the worse

AVAILABLE figures, says Public Opinion, show that in the twenty years between 1881 and 1900 there were 22,793 strikes, which cost the country in wages, expenses and direct loss of trade the enormous sum of $396,769,392! During the same period there were 1,005 lockouts, costing $72,199,189, making a total of $468,968,581! Here is a loss of almost half a billion dollars figured from three items only—that is, loss of wages, assistance or money advanced to strikers by their sympathizers and loss to employers. It would be a fair computation to estimate an equal sum lost directly and indirectly by the general public because of the strikes. Total, one billion dollars in twenty years!

[Correspondence of the Alexandria Gazette.]

While the President's decision dismissing Herbert W. Bowen from the diplomatic service of the United States and endorsing Secretary Taft's criticism of Assistant Secretary of State E. P. Loomis is final in the present phase of the controversy, no one here believes that it means the end of the case. By Mr. Bowen's friends it is predicted that he will carry the matter to Congress and ask for an investigation there. An interesting question arising from the inquiry is as to the effect it will have upon the future of Mr. Loomis. He has had an ambition to become an ambassador, but he has now been convicted of indiscretion while he was a minister and has been publicly reprimanded therefor. Under the circumstances it is regarded as unlikely that he will receive the promotion for which he has been looking for some time. It is thought that he will continue in the State Department as assistant secretary, although it is possible that he may be given some diplomatic post of a complimentary nature. W. W. Russell, formerly Minister to Bogota, has been designated as Mr. Bowen's successor at Caracas, and John Barrett, formerly Minister at Panama has been designated as Mr. Russell's successor at Bogota, Colombia. The vacancy created at Panama by Mr. Barrett's transfer will probably be filled through the designation of Chas. E. Magoon, Governor of the Panama canal zone, to also act in the capacity of U. S. Minister.

Unless the negotiations now proceeding between the German Ambassador at Paris and the French Foreign Office on the subject of the Moroccan situation result in recasting the lines of the international conference proposed by Germany so as to make it acceptable to France the indications are that there will be no such conference and German diplomacy, instead of achieving a trumph, will experience a set-back. In the early stages Germany desired to discuss the political control of Morocco and the effect of the Anglo-French entente with regard to that question. Now, however, it is understood that she has moderated her position so as to bring before the proposed conference only subjects relating to the preservation of order in Morocco, internal reforms and the maintenance of the "open door" principle. No definite answer has yet been sent by the United States to the invitation from Morocco to participate in the proposed conference, but it was announced at the State Department this morning that this country would be represented if one were held with the intimation that none would be held unless it was agreeable to all the powers interested.

Whatever influence President Roosevelt can exercise is being exerted upon both Japan and Russia to induce both belligerents to agree to an armistice, pending the conclusion of the peace negotiations. In the opinion of the President and Secretary Hay it is to the interests of both that there should be a cessation of hostilities in Manchuria, so that a needless loss of life and property may be avoided. This view is being presented with all the vigor of the President and it is hoped that it will have its effect. It is understood that it was upon this subject that the President talked with Count Cassini and Minister Takahira on Monday. President Roosevelt realizes that his efforts to bring the two belligerents together to talk peace will not be crowned with the fullest success unless he can induce them to declare a truce pending the discussion of peace terms. Having been successful in his initial steps he is hopeful that he will also succeed in bringing about an armistice. It is realized, however, in official circles here that there are great difficulties to be encountered in procuring the acceptance of this view. The principal reason for doubting the success of the President's efforts to bring about an armistice is the Japanese suspicion of the sincerity of Russia's intentions. It has been made plain that Russia in agreeing upon peace negotiations at Washington in response to the President's advances has not pledged herself to actually conclude peace. All she has promised to do is to send plenipotentiaries here to meet those of Japan, listen to the latter's peace terms, and if they are satisfactory, draw up a peace treaty.

The retiring chief of artillery, Major General J. P. Story, will be retained by Secretary Taft as chairman of the sub-committees of the board on the revision of the scheme for providing coast defenses for the United States and its insular possessions. General Story is regarded as probably the best qualified officer on either the active or retired list of the army to advise with reference to coast defense matters. The board for the revision of the plan for defenses made in 1888 will make its report to the Secretary of War in the early fall. The report will be submitted to Congress shortly after that body convenes.

Four new cases of yellow fever were reported today from the Isthmus of Panama.

Senator Martin came here yesterday and registered at the Raleigh. He will remain today to look after some department matters for his constituents. The Senator is in fine spirits and seems to be confident of his re-election.

The Comptroller of the Currency, in an opinion submitted to the Isthmian Canal Commission today, holds that Chief Engineer J. H. Wallace, who had been selected by the commission to sign vouchers covering canal expenditures, had no power to delegate that discretionary duty to General Quartermaster King, as he had done. Mr. Wallace is en route to Washington from Panama. It may be necessary for the commission to rescind its former act to prevent embarrassment during the chief engineer's absence.

The Armes Trouble.

After a hearing lasting the great part of yesterday in Equity Court No 1, Justice Anderson refused to appoint a receiver to the case of Mrs. Mary Wine Armes against her husband, Maj. George A. Armes, U. S. A., retired, in which Mrs. Armes claims that she is entitled to share in the rents of the Armes home, Fairfield, on Connecticut avenue extended. The court also declined to grant an injunction against Maj. Armes as prayed by his wife in her petition.

Acting on the suggestion of Attorney Edward H. Thomas, one of Maj. Armes' lawyers, Justice Anderson required Maj. Armes to give bond in the sum of $1,200, with surety to be approved by the court, to pay as the court may direct the share of the complainant to the rents or the property coming into his hands.

At the meeting at Nashville, Tenn., yesterday of the board of trustees of Vanderbilt University the resignation of Bishop R. K. Hargrove, as president of the board, was accepted, and Bishop C. B. Galloway, of Mississippi, was elected to the vacancy. Bishop Hargrove's retirement is due to ill health.

An extra dividend of the unusually large amount of 120 per cent. in addition to the regular quarterly dividend of 25 per cent. has been declared by the directors of the Fifth Avenue Bank of New York. The extra dividends which the stockholders will receive is out of the profits of the bank made in 1903 and 1904.

President Roosevelt yesterday directed that Clarence Messer, Deputy Collector of Internal Revenue at Philadelphia, be dismissed from office immediately as "morally unfit to hold office under the government." The exposure and evidence in the Salter ballot-box stuffing case is the basis of the dismissal.

Sensational charges of monopolistic dealings, of paying money for the settlement of labor troubles and of corrupting the legislatures of several States are made in a bill of chancery filed yesterday in the Chicago Circuit Court by Mrs. Margaret Swift against the International Harvesting Company, the so-called harvester trust.

James W. Alexander and James Hazen Hyde are no longer connected with the Equitable Life Assurance Society as executive officers. Chairman Paul Morton, of the board of directors, announced yesterday that he had accepted the resignations which they placed in his hands on June 9. The resignations went into effect immediately upon their acceptance.

The arrest of John W. Hill, who resigned last week as Chief of the Bureau of Filtration, on a charge of forgery and falsifying certain books and papers belonging to the city and the annulment of a $700,000 contract held by D. J. McNichol & Co. were the dramatic developments yesterday in Philadelphia's sensational political upheavels. Hill entered $10,000 bail for a hearing this morning.

One death and damage to property amounting to thousands of dollars resulted from an electric storm and cloudburst which occurred at Tampa, Fla., yesterday afternoon. Beatrice Collin, aged seven years, colored, was killed by lightning while standing in the door of her home. The roof of the Roberts Telephone Exchange fell in, smashing the switchboard and injuring several young women operators, none seriously.

Simon Ford, a negro, who assaulted a white woman near Riverside, Tenn., was taken from jail at Hohenwald, Tenn., yesterday, by a mob of 50 men and shot to death. Ford was arrested after being perhaps fatally wounded. After his arrest he admitted his guilt and was later identified by his victim. Ford was hauled to the scene of his crime, about 10 miles, suffering from his wounds. He asked to be killed the quickest way and did not plead for his life.

Twenty dead and fifteen others prostrated is the awful harvest of the hot wave which swept over Pittsburg, Pa., Pa., on Saturday, and which continued until yesterday evening. Although Monday was warmer than yesterday, the greatest number of deaths occurred on Tuesday. The highest point reached by the mercury was 88, while 92 was officially recorded Monday. Pittsburg was the hottest city in the United States, with the single exception of Galveston, Texas.

Edward Bickett, a non-union teamster employed by the National Express Company, in Chicago, was subjected to barbarous torture early yesterday by four men alleged to be strike sympathizers. Bickett was attacked in front of the teamsters' union headquarters. After being knocked down by the men, three fingers of his right hand were broken and two of his finger nails torn off. The victim appealed to the men to have mercy, but his cries were in vain, and when the assailants left he was unconscious in the street, where he was found later by a policeman.

The entire Spanish cabinet has resigned and its resignation has been accepted by King Alfonso. The resignation followed the rejection of a vote of confidence in the cabinet, introduced in the chamber of deputies by Deputy Llorens. Senor Besada, minister of the interior, in supporting the motion, said that the cabinet had the confidence of the crown and was backed by public opinion, but it remained to be seen whether it had the requisite parliamentary majority. The minister severely attacked Senor Maura, former president of the council, charging him with clandestinely fighting the government. The motion was defeated by a vote of 204 to 45.

Virginia Primaries.

The large number of candidates and badly scratched tickets in yesterday's municipal primary election in Richmond made the counting of the ballots practically an all-night job. It is believed that the election has resulted about as follows :- City sergeant, J. C. Smith (incumbent); city collector, Frank W. Cunningham, and auditor, E. J. Warren (incumbent). The chances are that Police Officer William H. Wyatt, who closed Richmond's gambling dens, has been elected high constable, and Gen. Charles J. Anderson State Senator. Minitree Folkes so far is ahead of seven competitors for the office of commonwealth's attorney. Those elected members of the house are probably Glenn, Powers, Cox, Peyton, and Massie or Fuller.

At the democratic primary in Lynchburg yesterday the only contests were between Thomas D. Davis, incumbent, and Percy R. Taylor, his deputy, for clerk of the courts, the majority for Davis being 204. For high constable R. B. Goode, incumbent, had for his opponent his deputy, R. L. Dillon, and received a majority of 912. Only 1,066 votes were polled.

Judge Grinnan, of the Chancery Court of Richmond, has appointed a receiver for the Richmond Fire Insurance Corporation, a concern organized under the laws of the State. The company was started about two years ago, but when the new law requiring a deposit to be put up was passed it did not "come to time" with the money and practically ceased to be a factor in the business world.

Aden Keller was killed yesterday afternoon during a severe storm by being struck by lightning. He was in the harvest field of his brother, Noah Keller, near Toms Brook, Shenandoah county, standing near the binder, which he had just left to get out of the storm. Mr. Keller was the son of A. R. Since then Maryland had not participated in the annual meetings.

VIRGINIA BANKS

The controller of the currency has completed an abstract of the reports made to him by the eighty-four national banks of Virginia as to their condition at the close of business May 29, when the controller called upon them.

The abstract shows that the total resources of the banks at this time are $74,560,647, with liabilities the same. The total loans and discounts are $43,660,715. On the 9th of June, 1904, the total resources of seventy-eight national banks then doing business were $67,300,582 and the total loans and discounts $38,756,507. The figures show an increase of six national banks during the year, over $7,000,000 of resources and about $5,000,000 in loans and discounts.

The best indication of continued prosperity in the State is the fact that the deposits, those known as individual deposits, have greatly increased in the last year, the total deposits at the present time being $41,085,498, while a year ago the total was $36,799,161. The people of the State are better better off to the tune of $4,000,000 with national banks alone, not counting private and other banking institutions. The individual deposits are separate from government deposits, the total of which now with the bank is $1,682,468 against $2,744,102 one year ago.

The capital stock of the Virginia banks at the present time is $8,203,500, an increase from one year ago. The total surplus fund is $4,178,136 against $3,869,849 June 9, 1904, denoting steady growth of the wealth of the banks.

The Virginia banks are carrying more circulation now than ever before, the total outstanding of their own bills being $6,389,152. A year ago the total was $5,172,505, an increase of much over one million. The increase is due to the cheapness of government bonds, which are put up as security for the circulation.

The banks have a total lawful money reserve of $3,389,987 against $3,190,303 one year ago.

Today's Telegraphic News

Mary Rogers' Case.

Windsor, Vt., June 21.—The chance that Mary Rogers, who is under sentence to die Friday for the cold-blooded murder of her husband, Marcus Rogers, will get another reprieve, looks brighter today. The action of her counsel in procuring a writ of habeas corpus from United States Judge Wheeler, in Brattleboro Monday night, took the State officials by surprise. This was indicated by developments today. Attorney General Fitts was to appear in Windsor this afternoon to argue on the writ in opposition to the claims of Mrs. Rogers' counsel. He sent word that he would be unable to be in Windsor in time for the hearing and arrangement was made whereby the hearing was transferred to Brattleboro. Word of the change was sent to Judge Wheeler and to Governor Bell.

It is considered more than likely that Attorney General Fitts will not be prepared to argue the case at length, this afternoon and that he will consent to an adjournment for a month. In that event, Governor Bell will necessarily have to issue another reprieve.

Mrs. Rogers was almost light hearted this morning over the prospects of a further stay in her execution. "I am still hoping for the best," she said to her lawyers, who visited her at the prison this morning. "It may be that I may never have to hang."

Preparations for the execution of Mrs. Rogers are complete and nothing remains but the action in court this afternoon. The gallows erected a month ago, has never been taken down.

Superintendent Lovell of the Windsor state prison, received a letter from Boston in this morning's mail. It enclosed a small package of dark gray powder. In the note was an offer to the superintendent of $2,000 if he would give the poison to Mrs. Rogers between now and the time of the execution.

This evening Mrs. Rogers left Windsor for Brattleboro to appear in court.

Marriage of Gen. Cox.

Raleigh, N. C., June 21.—General William Ruffin Cox, the most distinguished surviving Confederate officer, of North Carolina, who was in the eighties three times the representative of the Raleigh district in Congress and for a number of years subsequent thereto the Secretary of the United States Senate, was the hero of another conquest today. With Bishop Joseph D. Cheshire, of Raleigh, of the diocese of North Carolina, as the officiating clergyman, General Cox today led to the hymeneal altar Mrs. Kate Cabell Claiborne, of Richmond, Va., widow of the late Herbert Augustus Claiborne and a popular social leader at the Virginia capital. General Cox, who is now 73 years of age, made the last charge at Appomattox and he was twice the recipient of personal thanks from General Robert E. Lee publicly tendered on the battlefield for conspicuous bravery and gallantry in battle. The bride and groom will later come to General Cox's magnificent plantation and country estate in Edgecombe county, N. C., where they will remain a few days, when they will go on an extended tour. Both of the contracting parties and especially the groom, have a wide circle of friends in nearly every State in the union.

Investigation in Progress.

Philadelphia, June 21.—Rigid investigation is being made today by local banking institutions by officials of the Philadelphia Traction Company and by the executors of the estate of the late Benjamin H. Gaskill, as the methods by the latter in carrying out the astounding frauds and forgeries which were conducted for years and which were only discovered yesterday, a month after Mr. Gaskill's death. From present indications the total amount realized by Gaskill from his stock raising operations will reach nearly $700,000, but it is believed that the greater portion of this can be recovered from his estate, which is estimated to be in the neighborhood of a half a million dollars. The widow of Gaskill has filed a petition in the Orphans' court asking that her exemption in his estate be protected. One probable result of the disclosures, as pointed out by one broker, will be the adoption of new and less vulnerable certificates by the corporations interested in this affair. As soon as a full investigation is made the Philadelphia stock exchange will prepare a list of the certificates and send it out so that purchasers will be put on guard.

Sweden and Norway.

Stockholm, Sweden, June 21.—The government this morning introduced a bill in the Rigsdag asking authority to enter into negotiations with the Norwegian Strothing to draw up a conditional settlement of affairs between the two nations which were formerly united. The premier in an explanation to the Riksdag declared that the interests of Sweden would in no way be served by resorting to coercive acts in an order to bring Norway back into the union. King Oscar, who was deeply affected by the revolt of Norway from his rule, made a pathetic speech on the subject of the dissolution of the union to the council. The council approved the bill which later was presented to the Riksdag, which authorizes that the negotiations shall be begun. As Norway has offered to meet Sweden half way in endeavoring to peaceably settle all questions relating to the dissolution, the action of today would seem to preclude any possibility of the two nations coming to blows, as has been feared.

Uneasiness in Finland.

Helsingfors, Finland, June 21r—Excitement has been caused here over the persistent reports which are continually heard to the effect that the Russian government has decided to seize Finland's special reserve fund, amounting to $12,500,000, for war purposes. According to the laws of Finland, this fund is sacred until all resources of Finland, have been exhausted, and it is needed for her own use. It is easy to understand then why the people have been aroused by the reports that Russia intends to take it for her own use.

Bowen in New York.

New York, June 21.—Herbert W. Bowen, whose dismissal from the diplomatic service was announced at Washington last night, came to the city this morning from East Orange, N. J., where he spent the night. He denied himself to reporters, but sent out word that he was engaged in preparing a statement which would fully set out his side of the controversy, which led to his dismissal. This statement, he said, would not be ready until 4 o'clock this afternoon when it would be given to the newspapers.

The War in the East.

London, June 21.—The Petersburg correspondent of the Times wires that three parallel columns of Japanese are moving to the northeast with the apparent purpose of converging on Possiet Bay, which is sixty miles southwest of Vladivostok. A large fleet of transports has sailed from Gensan for the same point, according to the correspondent.

The anti-peace newspapers continue to bring long telegrams from their correspondents in Manchuria asserting the readiness of the army to go on fighting for a year, if necessary, and the activity of the Japanese is being used to the utmost to stir up warlike feelings in the people.

The Japanese are operating along a front nearly 400 miles in width, extending from Mongolia to Corea. The Russians are in the dark as to just where the attack will be launched. Private telegrams are of a pessimistic nature, contradicting the reports of correspondents.

Chefoo, June 21.—Local missionaries, who before the war had stations in Corea and Manchuria, complain that they are unable to secure mission funds which were deposited for the payment of current accounts in the Russo-Chinese bank at Port Arthur. The bank authorities, in reply to all demands for the money, say that the Japanese still hold the bank books and that this prevents any settlement of the obligations.

France's Reply.

Paris, June 21.—France's reply to the note of Germany suggesting that an international conference shall be held to consider the question of Moroccan reforms and administration, which has long been awaited by the diplomatic world for the bearing it would have on the possibility of war between the two countries, was handed to Prince von Radolin, the German Ambassador, this afternoon. Prince von Radolin called at the foreign office to receive the note, which was handed to him by Premier Rouvier. The communication outlines the conditions under which France will consent to participate in an international conference, but these exact propositions are being kept secret. The note is long, and expresses in full France's view of the Moroccan question. From one authentic source the correspondent of the Publishers' Press learns that the independence of Morocco is alluded to by M. Rouvier. The communication recapitulates along general lines the policy of France toward Morocco, in recent years and asserts, as probably has been frequently that France has always respected the sovereignty of Morocco and the sovereignty of the Sultan and stood for the open door policy in Morocco.

The President in Massachusetts.

Worcester, Mass., June 21.—President Roosevelt's special train reached Worcester at 9:30, the run from Washington being made without incident, save such as were furnished by cheering crowds along the way. When the President reached Worcester he found a committee of prominent citizens waiting there to escort him to Clark University. On the way to the college the President rode with Hon. Carroll D. Wright, the head of the Worcester institution of learning. After a short tour through the grounds, the President was escorted to the hall where he addressed the graduating class.

After degrees were conferred upon members of the graduating class of the college and the post graduates of the university, President Roosevelt was driven to Holy Cross College where he made a brief address to the students. He was then escorted to the home of Congressman Rockwood E. Hoar for lunch. At 2:30 this afternoon the President left for Williamstown, where he will remain over night and speak tomorrow to the graduates of Williams and receive the degree of LL. D.

Affairs in Russia.

St. Petersburg, June 21.—The speech made by the Czar to the representatives of the Zemstvo Congress, in which he renewed his declaration that he is irrevocably determined upon calling a representative assembly, and asked the help of the Zemstvos in bringing the people and himself closer together, has created an excellent impression throughout this city.

There is excellent authority for the statement that the chances of early peace are not as bright as they were several days ago. The suspicion which the Japanese entertain of Russia's sincerity in entering the peace negotiations is said to be responsible for this fact.

The Trouble in the Royal Arcanum.

New York, June 21.—The uprising against the new rates in the Royal Arcanum has gone far beyond the control of the Supreme Council, and when the executive committee of that body meets in Boston, one week from tomorrow, they will listen to protests from all over the country. Representatives from councils everywhere will be at the meeting of the executive committee and urge a reconsideration of the newly adopted rate schedule. A referendum plan will be submitted to the executive committee calling for the abolishment of the new rates, and a return to the system of assessments. There is no denying that the supreme council officers are alarmed by the revolt in the organization.

Fifty Thousand Persons at Funeral.

Lodz, Poland, June 21.—The funeral of five of the victims of the outbreak of Sunday, when Cossacks charged upon a procession of socialists and put them to flight after shooting into the crowd, took place today. A public funeral was given the martyrs and the pageant was one of the most imposing ever witnessed in this city. Fully 50,000 persons took part in the procession which followed the caskets to the cemetery, and a profusion of red flags appeared, many of the marchers carrying them defiantly. The police did not attempt to interfere with the procession.

Automobile and Train Race.

Hamburg, June 21.—In an attempt to prove the contention that an automobile can speed as fast as an express train, Emperor William while coming from Hanover to this city ran an exciting race with a train at a point where the road and railway tracks are parallel. The Kaiser maintained a speed of sixty miles an hour as long as the race continued, and it was only with great disappointment that he struck a curve in the road which took him away from the tracks. Near Colle a tire burst and the motor car tilted until it was almost overturned.

New York Stock Market.

New York, June 21.—The stock market had a generally strong opening and a maintenance of strength throughout the first hour. The action of Reading was considered heavy in view of the fact that the directors meet to declare the semi-annual dividend today.

Fewer Gallons; Wears Longer.

Fewer gallons; takes less of Devoe Lead and Zinc than mixed paints. Wears longer; twice as long as lead and oil.

Another Threatened Dissolution.

Buda Pesth, June 21.—The first move made today in carrying out the plan of the Emperor Francis Joseph to rule Hungary without Parliament resulted in a stormy scene in the parliament and has aroused the people to a point where they are seriously considering the idea of disolving the union between Austria and Hungary.

A royal decree adjourned the Parliament until September 15. The reading of the decree caused great excitement and jeers.

As matters stand now, Premier Fejervary continues in office without a parliment. The municipalities of Hungary will refuse to levy taxes or furnish recruits for the army.

The Japanese Retire.

St. Petersburg, June 21.—General Linievitch, in a dispatch received today, reports that on June 20 the Japanese retired southwest along the entire front, extending from the Mongolian frontier to Korea. The Russians immediately followed the Japanese back to the positions which they had formerly occupied. Later the Japanese made a vigorous attack on the left flank, occupying Silonnjau, Sicchisi and Jaomaliu.

Ran Amuck.

San Francisco, June 21.—An insane man armed with a rifle ran amuck in the United States Hotel this morning shooting and seriously wounding seven persons. He then committed suicide.

TELEGRAPHIC BREVITIES.

As a result of the Gaskill forgeries made public in Philadelphia, yesterday, the City Trust and Safe Deposit Company of which J. Hampton Moore, former City Treasurer, who recently resigned as Chief of the Bureau of Commerce and Labor, at Washington, was President, closed its doors today.

The fellow prisoners of Johan Hoch, who is to be hanged Friday, in Chicago have subscribed $100 for Hoch's appeal. Hoch says: "I'll make a fortune out of my book and it will be easy to pay this money. It will take me all summer to finish the book. Of course if they hang me Friday the book wont be finished."

An attempt made in both houses of the New York legislature this afternoon to introduce resolutions calling on the Governor to submit the proposition of a legislative investigation of the Equitable Life Assurance Society to the extra session failed. It was held that nothing aside from the Hooker case, mentioned in the Governor's message could be received.

BOWEN DISMISSED.

The dismissal of Herbert W. Bowen, for some years United States Minister to Venezuela, and the exoneration of Assistant Secretary of State Francis B. Loomis of the allegations brought against him by Mr. Bowen, are the outcome of Loomis-Bowen controversy, which had attracted wide attention for many months past. This disposition of the case is made by President Roosevelt in a letter addressed to Secretary Taft, made public last night, approving Mr. Taft's report on his findings and conclusions in the case. The President scathingly arraigns Minister Bowen, declaring that his conduct "is especially reprehensible;" that Mr. Bowen asked one of his witnesses to enter the employ of a certain company for the purpose, "in plain words, of stealing" documents which he hoped might incriminate Mr. Loomis, and that Mr. Bowen has "evidently for many months, indeed, for the last two years, devoted himself" to hunting up scandal and gossip until it became a monomania and caused him "to show complete disloyalty" to the country he represented.

The President says he had hoped to promote Mr. Bowen, as during much of his service he had done good work, but that his usefulness in the diplomatic service is now at an end. The President adds that he would direct that Mr. Bowen's resignation be requested, but for his statement that he would consider a resignation an admission of misconduct, and the dismissal is therefore ordered.

Fish Dragged Boy Into the River.

Thomas Stewart, 9 years old, about 5 o'clock Monday evening was fishing from a Philadelphia pier. Unfortunately, the fish were not into a biting humor and Thomas fell in a doze. While he was thus meditating upon the sport of the rod and reel a large fish grabbed the bait which was slyly stuck on the hook of Thomas's line and started off for Cape May. The fish did not know there was anything attached to the line. So suddenly did he start that Thomas did not have time to balance himself and consequently followed the line and incidentally the fish. Fellow-fishermen heard the splash and the cry "Man overboard!" was sent up by a dozen throats. A man seized a boathook and caught the clothing of the boy as he was disappearing for the last time.

Want Pool Room Retained.

The attorneys for the Kenilworth pool room have two petitions in their hands, one signed by a number of citizens of the District of Columbia living near Kenilworth saying that they desire the retention of the pool room on the ground that it is of great benefit to the neighborhood. The other is signed by citizens of Prince George's county, Md., protesting against the reconvening of the grand jury, as an additional burden upon the taxpayers and expressing their opinion that the pool room is a benefit rather than a nuisance. The pool room people claim that they have obtained for the people better car service than they have had heretofore, and profess to be contemplating building better roads in the neighborhood. On account of these two claims, many are signing the pool room petition, and the promoters feel confident, if the case comes up for trial, of their ability to prove that they are conducting their business in a perfectly legal way.

Miss Downer's Funeral.

The following is taken from the Norfolk Ledger of yesterday evening: The remains of Miss Virginia Marshall Downer, who was drowned Sunday night at Alexandria, arrived in Norfolk this morning on the Washington steamer and was met by Rev. B. D. Tucker, D. D.; Warner T. Brooke, Richard Baylor and the pall-bearers: Messrs. Phillip Prescott, Frank Masi, Aaron Milhado, McIntosh Baylor, Kemp Savage, Guy E. Ewing, Lloyd Freeman, James M. Thomson, Julian Osborne, Norton Wood, U. S. A.; Ed. Stribling, Augustine Tucker, Ludwell Baldwin and John Stribling, Messrs. Taylor and Jack Burke. Mr. Marshall Jones and Mr. Bryant accompanied the body from Alexandria, where over a thousand people were at the wharf to witness the departure.

The funeral will take place at the residence of her mother Mrs. Eliza Downer, No. 234 Bute street, this evening at 6 o'clock, and the services will be conducted by Rev. B. D Tucker, assisted by Rev. St. George Tucker. The interment will follow in Elmwood cemetery. The casket will be carried from the house to the hearse by seven of the pall-bearers, and others will carry it from the hearse to the grave.

The death of Miss Downer, who was not only one of the most popular and attractive members of Norfolk's society, but was one of the most lovable, has cast a gloom over the entire city. Mrs. C. C. Garrett and Mrs. Richard Chamberlaine, of Baltimore, are in Norfolk to attend the funeral. Miss Downer was the guest of Mrs. Garrett while in Baltimore a few weeks ago. A quartet choir, composed of Miss Florence Raynor, Miss Lillian Kensett, Iredell Jenkins and Garnett Jordan will sing "Asleep in Jesus."

Sensational Report.

Early last night an attempt was made to get up excitement in this city by the circulation of a report to the effect that a negro had ill-treated a little girl in Alexandria county, near this city, and that a mob had left here for the purpose of capturing the offender and lynching him. The origin of the matter seems to have been as follows: Yesterday afternoon the eleven-year-old daughter of Edward Wagner, a laborer, living on north Henry street, near the Belle-Pre Bottle Works, was sent by her mother to a store on north Patrick street, about three blocks from her home, to make some purchases, and not returning within a reasonable time caused some anxiety. Finally the police were appealed to and in a short while a search was instituted. Later she was located near Spring Park, and, when questioned about her failure to return home, she said she was on her way to the store when she was approached by a man who, was either an Italian or a bright mulatto, whose conduct frightened her so that she started to run. She asserted that the man pursued her for some distance, and then gave up the chase, but she was so unstrung that she continued toward Del Ray and finally wandered back to Spring Park. The report concerning the girl's disappearance which reached the station house early in the night was made to Lieutenant Smith who took immediate steps toward finding her by sending Officer Arrington in the direction of Del Ray.

Strike on Highway Bridge.

No work other than painting was done on the highway bridge across the Potomac yesterday, owing to the fact that the majority of the workmen on the bridge went out on a strike the day before in accordance with the general strike order of the International Association of Bridge and Structural Iron Workers against the Pennsylvania Steel Company. The strike was ordered because the steel company proposed to employ nonunion men on one of their blast furnaces at Steelton, Pa. Superintendent Reynolds says he will fight the union to the bitter end, and that if necessary the company will stop all of its bridge work.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning.

Edward Higgins, arrested by Officers Lyles and Allen charged with lunacy, was committed to jail for five days.

Frank Kolb, arrested by Officer Lyles charged with obstructing a street crossing with railway cars, was fined $10.

John Ennis, charged with entering Armory Hall last Saturday night, had his case continued until tomorrow morning.

Police Commissioners.

The regular monthly meeting of the Board of Police Commissioners will be held in the Police Court room tonight. There is considerable speculation as to what action will be taken in reference to the recent report of the grand jury concerning alleged factional jars among the members of the police force, charges of inefficiency, &c. Apart from this matter, the business before the board will be of a routine nature.

The Weather.

While yesterday's weather was cooler than that of Monday the humidity was excessive and in the afternoon and early in the night the temperature caused discomfort. This morning conditions were more pleasant, a light rain having fallen during the early hours, but later the humidity became oppressive. There have been heavy rains, thunder, lightning and hail in certain portions of Virginia and adjoining States.

Case Continued.

The case of John Ennis, who was arrested last Sunday charged with entering Armory Hall on the preceding night, was called in the Police Court this morning. The case was continued until tomorrow morning in the absence of certain witnesses. Ennis was represented by Mr. Robinson Moncure.

There is an unsightly and perhaps dangerous hole in the pavement in front of the station house caused by the removal recently of a pump which heretofore stood there. The pavement has sunk considerably.

Foul Play Suspected.

The finding of the dead body of Charles Thornton, colored, of this city, near Brickhaven Monday night, was announced in yesterday's Gazette. It was at first supposed that he had been struck and killed by a passing train, but from a closer examination of the remains and a consideration of the circumstances under which they were found, there is reason to suspect that the man met his death by foul play. Thornton's body was discovered Monday night about 12 o'clock by railroad men lying between the two tracks—not on the rails. His head was between the ties of the northbound track and his feet between those of the south bound track. In his hat were several clams. There was a bruise on the right side of his head, but no bones were broken, nor was there any blood near by nor any evidences whatever to show that the man had been struck by a train. The fact that the clams were still in his hat showed he had not been struck by a train as they would have been scattered. The remains were brought to this city by Mr. B. Wheatley at whose establishment Dr. Ashton, the county coroner, will hold an inquest tomorrow morning. Constable John H. Cornell has arrested a colored man named Albert Eskridge, who conducts an eating house near where Thornton's body was found. The dead man is said to have been in his place Monday night.

Death of Mrs. Mott.

Mrs. Virginia Bentley Mott, daughter of the late Robert Bentley and widow of Dr. A. R. Mott, of Leesburg, died Monday afternoon of general debility in the eighty-first year of her age. Mrs. Mott is survived by the following children: Mrs. Henry C. Sellman, of Leesburg; Mrs. Mary Chapin, of New York; Mrs. Henry Jenkins, of Baltimore; Misses Virginia and Eleanor Mott, of Leesburg, and Capt. T. Bentley Mott, former military attache to the American Legation in Paris, but now stationed in St. Petersburg. Besides these she leaves a large circle of relatives and friends who will regret to learn of her death. Mrs. Mott was of a lovable Christian spirit, in whom all the virtues had reached a high state of development. Kind in nature and thoughtful and patient throughout life she had been an example to all with whom she lived and consorted. Her relatives and friends, now parted from her by death, have the sincere sympathy of their many acquaintances. Her funeral will take place from St. James' Protestant Episcopal Church, Leesburg, on Thursday.

Reliance Fire Company.

The regular monthly meeting of the Reliance Fire Company was held last night with president L. E. Uhler in the chair. Two new members were elected. An invitation from the State Firemen's Association to attend the annual convention to be held at Harrisonburg August 16, 17 and 18 was read and a committee was appointed to make arrangements for the celebration. Several names were dropped from the rolls for sundry reasons. The members were notified to appear in uniform for inspection at the next regular meetiug of the company. About 40 members have uniforms. They are of the latest pattern and design now used in the large cities. Captain Geo. W. Pettey, who has been to New York city recently, is organizing a pompier life-saving brigade, which will be a valuable adjunct to the company in quick hitching, quick ladder raising, scaling ladders and placing the rope, all of which will be demonstrated in the future.

Terrible Odor.

Two nights last week the Washington Southern Railway sidetracked the garbage train from Washington city in West End just outside the city limits. The stench from the train was simply horrible and very offensive to those living near. Had the wind been blowing from the west instead of from the southeast the whole western part of the city would have been affected. Some steps should be taken by the proper authorities to stop this nuisance. Now for the comical part. A house-maid in West End was entertaining a gentleman on the back portico on the first night of the visitation of the garbage train and her experiencies are best told by her conversation with the mistress of the house. Next morning she said: "Mrs. — wasn't it awful? when I first smelled it, I thought it was Tommie, and after I found out what it was, I was awfully afraid Tommie would think it was me."

Circuit Court for the County.

[Judge C. E. Nicol presiding.]

Com. vs. John Willis, indicted for the murder of William Dean; jury and verdict of involuntary manslaughter and a fine of $50 imposed. Defendant was represented by Messrs. Machen & Moncure.

Com. vs. Wm. Harrison, colored, indicted for breaking and entering the stable of G. H. Rucker and stealing a saddle therefrom; jury and verdict of guilty and punishment fixed at six years in the penitentiary.

This evening the case of Justice A. B. East, of Arlington district, indicted for embezzling public funds, came up for trial. Justice East resigned and the case against him was dismissed.

Improvements Commenced.

The Alexandria Fertilizer and Chemical Company has begun the work of improving the river front property acquired several months ago. It is situated between Queen and Princess streets, adjoining the Globe Mills on the north. Mr. DeW. Aitcheson's pile driver is now at work on the improvements. It is purposed to build a large and substantial wharf, dredge the docks and erect buildings and a tower. Electricity will be utilized in various ways when the new structures shall have been completed. This work has been rendered necessary by the increasing shipments and receipts of the company by water.

Charged with Imposture.

Apparently deaf, dumb, and pitiably crippled, Richard Frost, colored, thirty-two years old, was locked up at the Second police precinct station in Washington last night charged with vagrancy. The specific charge against him is that he is an impostor. Upon reaching the station house the darky said that he lived in Alexandria, and declared that he suffered with "spells" and that that was what was the matter with him.

The lawn party in progress at St. Mary's Academy is greatly enjoyed by all who attend. The supper table is an attractive feature. The party will be continued tonight and tomorrow night.

The proceedings throughout the evening were interesting to all present. After the close of the lodge refreshments were served.

Store Robbed.

The store of Mr. C. B. Leary, at Cherry Hill, Alexandria county, was entered by thieves last night and robbed of about $100 worth of goods, including 20 pairs of shoes, 2 boxes of hats, a lot of pantaloons, shirts and two revolvers. This is the second time this store has been robbed during the past few weeks.

A Curious Mix-up.

Mrs. Henry Schwickheim, believing her husband dead, went to the jail in Chicago yesterday to claim the body. Instead she came face to face with him. He was alive and had received a telegram saying she was dead. The husband fainted and the wife collapsed. Later it was learned that the 5-months-old baby of the woman had died and that the body was buried yestesday, but neither knew in what graveyard.

Schwickeim's imprisonment is said by him to be part of a plot to prevent him testifying against an alleged burglar. He is charged with assault for having shot a man who was detected breaking into his home. After the arrest of Schwichiem the wife placed the infant in the care of her sister and went to Fort Sheridan, where she obtained employment.

Monday evening she received a telegram to the effect that her husband had died in the county jail. She sent a telegram to Jailer Whitman, requesting him to hold the body, and that she would arrive Tuesday to claim it. Just before Mr. Whitman received this telegram another was delivered at the jail addressed to Schwickheim, informing him that his wife was dead. Then came a third message to the effect that his baby had expired at the home of his aunt. Mrs. Schwickheim declared that she and her husband were victims of persons unknown to them.

A Fatal Feud.

Jacob B. Poffenberger, who was shot Monday evening at Locust Grove, Washington county, Md., by John Slifer, died yesterday afternoon. Slifer was rearrested on a charge of murder, the corner's jury having brought in a verdict that Poffenberger came to his death by a gunshot wound caused by Slifer. Three witnesses were examined—Poffenberger's widow and son, Thomas Leroy, aged 15 years, and daughter, Leona, aged 13 years. They testified that Slifer's wife came upon Poffenberger's land and he ordered her off. She struck him a blow on the neck with a long stick she carried. Poffenberger grabbed her and took the club away. Slifer saw the struggle and hurried to the scene with his gun and threatened to shoot Thomas Leroy Poffenberger, pointing the gun at him. Poffenberger shouted to Slifer not to shoot his boy, but cried, crossing his hands over his breast, "Shoot me." Slifer shot Poffenberger when only four feet distant with an old army musket, the entire load entering his side an inch below the heart. A feud over strips of land between their farms had existed for some time, both claiming the property. The shooting was the result of this contest. Poffenberger was 40 years old and Slifer is a gray-haired man of 70 years, Both have large familes.
